

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name: BOTZ brush-on-glaze
This safety data sheet pertains to the following products:
BOTZ brush-on-glaze 9481, 9482, 9898, 9899

1.2 Relevant identified uses of the substance or mixture and uses advised against

General use: Glaze coating of ceramic products.

1.3 Details of the supplier of the safety data sheet

Company name: BOTZ GmbH Keramische Farben
Street/POB-No.: Hafenweg 26a
Postal Code, city: 48155 Münster
Germany
Telephone: +49 (0)251 65 402
Telefax: +49 (0)251 66 30 12
Dept. responsible for information:
Contact person: Frau Vehoff, Telephone: +49 (0)251 65 402
E-mail: info@botz-glasuren.de

1.4 Emergency telephone number

Telephone: +49 (0)251 65 402
Only available during office hours.

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification according to EC regulation 1272/2008 (CLP)

This mixture is classified as not hazardous.

2.2 Label elements

Labelling (CLP)

Hazard statements: not applicable

Precautionary statements: not applicable

2.3 Other hazards

Special danger of slipping by leaking/spilling product.

Results of PBT and vPvB assessment:

No data available

SECTION 3: Composition / information on ingredients

3.1 Substances: not applicable

3.2 Mixtures

Chemical characterisation: Mineral compound, milled glass, solvent-free acrylic binder.

Hazardous ingredients:

Ingredient	Designation	Content	Classification
EC No. 208-167-3 CAS 513-77-9	Barium carbonate	< 5 %	Acute Tox. 4; H302.

Full text of H- and EUH-statements: see section 16.

SECTION 4: First aid measures

4.1 Description of first aid measures

In case of inhalation: During the firing process: In case of inhalation of decomposition products, affected person should be moved into fresh air and kept still. Seek medical treatment in case of troubles.

Following skin contact: Remove residues with soap and water. In case of skin irritation, consult a physician.

After eye contact: With eyelids open, wash out eyes for several minutes under flowing water. In case of troubles or persistent symptoms, consult an ophthalmologist.

After swallowing: Rinse mouth with water. Seek medical treatment in case of troubles.

4.2 Most important symptoms and effects, both acute and delayed

No data available

4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media:

Product is non-combustible. Extinguishing materials should therefore be selected according to surroundings.

Extinguishing media which must not be used for safety reasons:

Full water jet

5.2 Special hazards arising from the substance or mixture

In case of strong heating partially formation of carbon monoxide and carbon dioxide.

5.3 Advice for firefighters

Special protective equipment for firefighters:

Wear a self-contained breathing apparatus and chemical protective clothing.

Additional information: Hazchem-Code: -

Cool endangered containers with water spray and, if possible, remove from danger zone. Use water spray jet to knock down vapours. Do not breathe fumes. Do not allow fire water to penetrate into surface or ground water.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Avoid contact with skin, eyes, and clothing. Wear suitable protective clothing. Ensure adequate ventilation, especially in confined areas.

6.2 Environmental precautions

Do not allow to penetrate into soil, waterbodies or drains.

6.3 Methods and material for containment and cleaning up

Take up mechanically, placing in appropriate containers for disposal.

Additional information: Special danger of slipping by leaking/spilling product.

6.4 Reference to other sections

Refer additionally to section 8 and 13.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Advices on safe handling: During the glazing process:

Avoid contact with skin, eyes, and clothing. When using do not eat, drink or smoke.

Wash hands before breaks and immediately after using the product.

When using the materials do not leave children unattended.

If necessary: Wear suitable protective clothing.

During the firing process: Air the room. Lead burning waste gases outside directly if possible.

Precautions against fire and explosion:

Take standard precautions to prevent fire.

7.2 Conditions for safe storage, including any incompatibilities

Requirements for storerooms and containers:

Keep container tightly closed. Do not dry up the product. Do not drop, drag or bang the container. Store out of the reach of children.

storage temperature: Store at room temperature. Protect from frost and exposure to sun.

Hints on joint storage: Keep away from food and drinks.

7.3 Specific end use(s)

Glaze coating of ceramic products.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

Occupational exposure limit values:

CAS No.	Designation	Type	Limit value
513-77-9	Barium carbonate	Europe: IOELV: TWA	0.5 mg/m ³ (compounds, soluble; calculated as Ba)
		Great Britain: WEL-TWA	0.5 mg/m ³ (barium compounds, soluble, calculated as Ba)
		Ireland: 8 hours	0.5 mg/m ³ compounds, soluble; calculated as Ba

Additional information: Barium carbonate is embedded in the product and not available as respirable dusts.

8.2 Exposure controls

When using this product, a well-functioning exhaust ventilation of the furnace gases and ample ventilation of the workrooms are recommended.

Personal protection equipment

Occupational exposure controls

Respiratory protection: During the firing process: Respiratory protection is not necessary if room is well ventilated.

Hand protection: If necessary: Wear suitable gloves.

Eye protection: Risk of splashes: Tightly sealed goggles according to EN 166.

Body protection: Recommendation: protective apron.

General protection and hygiene measures:

Avoid contact with skin, eyes, and clothing. Provide a conveniently located eye rinse station. Wash hands before breaks and immediately after using the product. When using do not eat, drink or smoke.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

 Appearance: Form: liquid / pasty (thixotropic)
 Colour: various colours

Odour: almost odourless

Odour threshold: No data available

pH value: 8 - 10

Melting point/freezing point: No data available

Initial boiling point and boiling range: No data available

Flash point/flash point range: No data available

Evaporation rate: No data available

Flammability: No data available

Explosion limits: No data available

Vapour pressure: No data available

Vapour density: No data available

Density: No data available

Water solubility:	dispersible
Partition coefficient: n-octanol/water:	No data available
Auto-ignition temperature:	No data available
Decomposition temperature:	No data available
Viscosity, kinematic:	No data available
Explosive properties:	No data available
Oxidizing characteristics:	No data available

9.2 Other information

Additional information: No data available

SECTION 10: Stability and reactivity

10.1 Reactivity

Refer to 10.3

10.2 Chemical stability

Stable under recommended storage conditions.

10.3 Possibility of hazardous reactions

No dangerous reactions are known.

10.4 Conditions to avoid

Do not dry up the product.

10.5 Incompatible materials

No data available

10.6 Hazardous decomposition products

In case of strong heating partially formation of carbon monoxide and carbon dioxide

Thermal decomposition: No data available

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Toxicological effects:	Acute toxicity (oral): Lack of data. Acute toxicity (dermal): Lack of data. Acute toxicity (inhalative): Lack of data. Skin corrosion/irritation: Lack of data. Eye damage/irritation: Lack of data. Sensitisation to the respiratory tract: Lack of data. Skin sensitisation: Lack of data. Germ cell mutagenicity/Genotoxicity: Lack of data. Carcinogenicity: Lack of data. Reproductive toxicity: Lack of data. Effects on or via lactation: Lack of data. Specific target organ toxicity (single exposure): Lack of data. Specific target organ toxicity (repeated exposure): Lack of data. Aspiration hazard: Lack of data.
Other information:	The product is harmless by proper handling and according to the terms of application.

SECTION 12: Ecological information

12.1 Toxicity

Further details: No data available

12.2 Persistence and degradability

Further details: Due to its low solubility in water the product is almost completely mechanically separated in biological sewage plants.

12.3 Bioaccumulative potential

Partition coefficient: n-octanol/water:
No data available

12.4 Mobility in soil

No data available

12.5 Results of PBT and vPvB assessment

No data available

12.6 Other adverse effects

General information: Do not allow to enter into ground-water, surface water or drains.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Product

Waste key number: 08 02 03 = Aqueous suspensions containing ceramic materials.

Recommendation: Dispose of waste according to applicable legislation.

Contaminated packaging

Waste key number: 15 01 02 = Plastic packaging

Recommendation: Uncontaminated packaging may be treated as household waste.

Non-contaminated packages may be recycled.

SECTION 14: Transport information

14.1 UN number

ADR/RID, IMDG, IATA-DGR:

not applicable

14.2 UN proper shipping name

ADR/RID, IMDG, IATA-DGR:

Not restricted

14.3 Transport hazard class(es)

ADR/RID, IMDG, IATA-DGR:

not applicable

14.4 Packing group

ADR/RID, IMDG, IATA-DGR:

not applicable

14.5 Environmental hazards

Marine pollutant: no

14.6 Special precautions for user

No dangerous good in sense of these transport regulations.

14.7 Transport in bulk according to Annex II of Marpol and the IBC Code

No data available

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulations - Great Britain

Hazchem-Code: -

No data available

15.2 Chemical Safety Assessment

For this mixture a chemical safety assessment is not required.

SECTION 16: Other information

Further information

Wording of the H-phrases under paragraph 2 and 3:

H302 = Harmful if swallowed.

Reason of change: General revision

Date of first version: 29/9/2010

Department issuing data sheet

Contact person: see section 1: Dept. responsible for information

For abbreviations and acronyms, see: ECHA Guidance on information requirements and chemical safety assessment, chapter R.20 (Table of terms and abbreviations).

The information in this data sheet has been established to our best knowledge and was up-to-date at time of revision. It does not represent a guarantee for the properties of the product described in terms of the legal warranty regulations.
